

# Glidermatic Operators

Gliderol's new and improved range of Glidermatic Operators for both Roller and Sectional Garage Doors are now installed as standard on all new Gliderol projects. The range is also G+ Adaptable, offering consumers the ultimate in convenience and safety at the touch of a button.

## Key Features and Benefits

- Slim-line unit designs
- Improved energy-efficient units with LED lighting
- New operator/handset frequency
- Quieter operation
- Improved manual release mechanism
- Soft start/soft stop
- Electronic limits
- Safety auto reverse
- G+ Adaptable

G+ ACCESS SYSTEM

## G+ Adaptable for extra convenience.

All Gliderol residential operators are now G+ adaptable. G+ is a smart, innovative home access system from Gainsborough that allows you to control your home the way that suits your lifestyle. With one discrete, simple G+ key, a click of a button can turn off your alarm and open or close your garage door.

The same G+ key can also unlock your door to give access into your home. G+ lessens the need to have a keyring full of keys and remotes; the G+ key is simply easier and more suited for today's busy lifestyle.

For further information on the Gainsborough G+ Access System go to: [www.mygplus.com.au](http://www.mygplus.com.au)
